SEPTEMBER 25, 2019: The DuVal Auditorium, College of Medicine
1501 N Campbell Av, Tucson AZ 85724

The IICS is a University of Arizona project sponsored by the College of Agriculture & Life Sciences, the BIO5 Institute, College of Medicine Tucson, College of Science & CEAC. It is designed to inform our community about recent evidence-based research and teaching in Cannabis horticulture and medicine.

Admission to the IICS-AZ is free by online Pre-Registration only. More information and registration form is provided on the IICS-AZ website (https://be.arizona.edu/iics). Priority will be given to UofA faculty, students and staff. The Tucson Community is also invited to attend but everyone still needs to pre-register online.
